

Vestry Inreach Initiative

As our history tells, Christ Church Cathedral is deeply committed to outreach. During recent months, our vestry members keenly recognize that now would also be a good time for cathedral *inreach*. That is, connecting with members of our cathedral family to hear from you about what is important to you at this time, and to find out if your needs are being met.

Beginning next week, and continuing through November 21, we will be kicking off the Vestry Inreach Initiative. Members of our vestry will be making phone calls to a randomized list of our members to ask how the cathedral can best meet the needs of our congregants. During the call, our community will be asked four simple questions to ascertain how we might serve you better.

At the conclusion of the phone calls on November 21, an online space will be made available on our website for those persons who would like to offer up their thoughts and ideas, either those who did not receive a call and would like to join the conversation, and/or for those who were called, but would like to add some additional information.

At the conclusion of this inreach effort, the vestry will compile the results and share with our community what they heard and learned.

We hope you will participate when you are called! It is so important for our vestry and leadership to hear from you so that we can chart a course forward, together.
